

# ASC e-News

Electronic news from the Adelaide Soaring Club

Number 19/2016

21st September, 2016

Welcome to the latest edition of the ASC e-News.

## Safety Reports

All members are reminded of the importance of ensuring safety around the airfield at all times and the need to report any near misses or incidents. It's really important that we maintain the high standards the club has had in regards to this and to have a culture of continual learning and improvement.

## Port Pirie via Balaklava

## LSA Students on Saturday 24th September.

Please note that we have lost 7385 due to propeller damage.

As a result we have had to re-schedule flight times for aircraft 8198 and 7693.  
Please check your flight times with Goboko.

## Cool App that's worth a look!

Scott Crew : have a look at this cool new app, Mr CFI.

CFI: that's amazing. It shows all the details about your circuit... height...speed...track...

Scott Crew : it sure is. It's called 'cloudahoy' [www.cloudahoy.com](http://www.cloudahoy.com)

CFI: Scott...what happened here? Why is your speed so high at the part of the circuit?

Scott : I knew I should have kept this to myself....

## Do you know where this is? (Right next to our airfield!)

## OUR EMAIL LISTS - A reminder of their purpose

**ascannounce** - This site is for conveying official information within the club. Only officials of the club can post items on this list. Typically only one email per week is posted on this site so it is not a problem in terms of overloading anyone's email system. This is a vital function for our club and all members are urged to read all material that is presented on ascannounce.

**ascmembers** -This was intended to be a chat site. Any club member can post anything on it which concerns club matters. It is moderated only to the extent that any obscene or illegal material is removed. Naturally not everyone wants to receive the posts that result, so you can opt out of this site if you wish.
