Electronic news from the Adelaide Soaring Club

Number 22/2016

16th Nov October, 2016

Welcome to the latest edition of the ASC e-News.

ASC Member's Forum

The last Members Forum was probably the best we've had.

The link to the Power Point presentation is: <http://adelaidesoaring.on.net/wp-content/uploads/2016/11/ASC-Members-Forum-29102016-1.pptx>.

Everyone that attended got a lot from it. If you weren't there, you missed out! The highlights were:

- A great refresher presentation by Peter Temple on the airspace around Gawler and some changes that are in the wind.
- Steve Pegler gave an outline of the recently updated ASC Emergency Response Plan.
- Members can now upload all Safety Occurrence Reports via the ASC website, ie, one stop shopping. A demonstration of how the system works was presented. Please have a look at this link: http://adelaidesoaring.on.net/?page_id=1057

Don't throw stones in glasshouses...

Our new Jabiru 24-8538 has safely arrived at the Adelaide Soaring Club and as you will notice from the picture, the instrumentation is a little different. The new Jabiru is a J170D model is like 8198, HOWEVER it is fitted with a Dynon 180 glass panel. Please get a briefing from an Instructor before flying it. Points to remember: USE HOBBS time only when filling in flight sheets. CYLINDER HEAD TEMPS must be in the green before using full power. When adding fuel the D180 will remind you to register the amount added. This is essential for the fuel management system to work correctly. Please do not change the set up of the D180 and get a briefing from an instructor before flying 8538.

Tiffany Cromwell visits

The Adelaide Soaring Club had a visit yesterday from Tiffany Cromwell. Tiffany is one of the country's top cycling athletes. She is visiting her home town of Adelaide this week during a brief break from competing around the world. While she was in town she took the opportunity to come out and have a glider flight. . Thanks for visiting us Tiffany.

Club Aircraft

Members flying LSA aircraft are strongly encouraged to fly club aircraft in preference to cross hired aircraft when there is an option. How do you know if it's a club aircraft? It has our logo on the side (and the financial benefits to the club are quite significant.) This also means that club owned aircraft should be parked closer to the door for easier access!

A new deck

For a while your committee has been considering an extension to the deck area at the club rooms. As you know this is a popular area, especially when the weather is nice. And so we are seeking expressions of interest from suitably qualified and experienced members who might be interested in volunteering their time to work on this exciting project. If this is you, please contact the club secretary, Daryl Trigg on 0422 572 992 / darylt@ilsq.sa.edu.au

Barossa Airshow

This great event is on again on the 2nd April 2017.

A Busy Calendar

Please shut the gate

Please remember to shut the gate if you are the last person leaving the airfield of an evening.

OUR EMAIL LISTS - A reminder of their purpose

ascannounce - This site is for conveying official information within the club. Only officials of the club can post items on this list. Typically only one email per week is posted on this site so it is not a problem in terms of overloading anyone's email system. This is a vital function for our club and all members are urged to read all material that is presented on ascannounce.

ascmembers - This was intended to be a chat site. Any club member can post anything on it which concerns club matters. It is moderated only to the extent that any obscene or illegal material is removed. Naturally not everyone wants to receive the posts that result, so you can opt out of this site if you wish.
